**MEMORANDUM**

To: Danaya Wright, President, UF Faculty Senate

From: Kathleen Ann Long, Dean  
Deborah Popovich, President, Faculty Organization

Re: College of Nursing Shared Governance Progress Report

Attached please find the By-Laws for the Faculty Organization of the College of Nursing. The College of Nursing has had a functional system of shared governance through its Faculty Organization for over ten years. We do not have a constitution, per se, but we believe all recommended aspects for shared governance are addressed in our by-laws. Items marked (UFSGD) were added after review by a College Task Force in order to clarify or insure compliance with the UF Shared Governance Document from the Faculty Senate Shared Governance Task Force.

Please let me know if you require any further information. Thank you.
